

# MUSIC BUSINESS

## BASIC CERTIFICATE (BC)

Students enrolled in the Music Business Certificate Program will study the techniques and standards needed for a career as a manager, publisher, professional musician, or agent. Completion of this program can lead to employment with such businesses as recording companies, management firms, publishing companies, music festivals, or music production companies. Practical experience within the music industry is included. The field is highly competitive, but employment opportunities are expanding rapidly.

### (21 credit hours):
